

RECAMP

Regional Enterprise Competitiveness and Access to Markets Programme

Improving competitiveness and market access of COMESA businesses in specific value chains

Access to market information through BIZNET

What is BIZNET?

BIZNET is a portal that connects suppliers and buyers to buy, sell, market, feature products, get quotations and company profiles, network, and chat.

Getting access to markets, begins with getting the right information!

BIZNET is COMESA's digital marketplace that connects buyers and suppliers

RECAMP uses the **BIZNET** platform, trade promotion events and market bulletins to provide market information

BIZNET provides key regulatory requirements for market access, so that SMEs know the rules.

BIZNET supplies key contacts and products, for exporters or importers.

With **BIZNET**, SMEs can find suppliers.

With **BIZNET** SMEs can keep abreast of requirements and regulations

BIZNET links buyers and suppliers through its verified database
